

Audiologist - Full Time or Part Time

If you're an audiologist looking for a new opportunity, we have one for you to consider! Ear, Nose & Throat Consultants is growing and we need an additional audiologist to help serve patients in Siouxland.

Audiologists on our team provide top notch care to our patients by working together in a cross-functional, collaborative environment. They will have the opportunity to see and treat a wide range of ear pathologies, serve patients of all ages, and provide rehabilitation options to treat hearing loss.

The audiologist will have opportunity to perform:

- Hearing aid evaluations, fittings, follow-ups & maintenance
- Diagnostic hearing evaluations for adult and pediatric patients
- Hearing protection and swim molds consultations and fittings
- ABR testing

Full time employees are also eligible for our attractive benefits package, including health insurance, 401k with match, paid time off, life & disability insurance, CEU and licensure allowance.

We'd love to speak with any interested candidates to discuss this opportunity and answer any questions you may have about what it's like to work at Ear, Nose & Throat Consultants.
